Me , ITCO and Hyper-capitalism is a book about responsibility and organization in hyper-capitalism. Hyper-capitalism is characterized by excess; that is, the absence of scarcity. The research takes place in the United Arab Emirates, located in the Middle East where oil revenues are almost unlimited; all other economic activities remain secondary. The book explores the relationship between formal and substantive economics. It is a story of a hyper-stratified society, where every class and group is assigned a place on the social ladder, which is meant to be immobile.
