THE THINKING CHILD: LAYING THE FOUNDATIONS OF UNDERSTANDING AND COMPETENCE (PAPERBACK)

Taylor Francis Ltd, United Kingdom, 2013. Paperback. Book Condition: New. 244 x 170 mm. Language: English . Brand New Book. What characteristics do children need to become motivated to learn? How do children s experiences and relationships affect their cognitive development? How do you provide learning experiences that meet the developmental needs of every child in your care? The Thinking Child thoughtfully discusses the key principles of children s cognitive and intellectual development alongside descriptions of everyday practice. Emphasising the importance of understanding the theory that underpins children s cognitive development, this accessible text shows practitioners how...
