

The Comeback: How Innovation Will Restore the American Dream (Paperback)

By Gary Shapiro

Beaufort Books, United States, 2011. Paperback. Book Condition: New. 231 x 155 mm. Language: English . Brand New Book. America seems to be on a downward slide. Our government spends too much; our economy creates too little; and we aren't preparing our children to compete in a global marketplace. Yet our politicians - Republican and Democrat alike - just don't get it. While once-great cities fall into decay, Washington thrives, living off the hard work and tax dollars of the private sector. It's time for an American comeback -- and it starts with innovation. Throughout its history, America's great innovators have been the drivers of our unsurpassed economic success. American innovation transformed a country of ragtag farmers into the epicenter of the world's technological progress. Innovation creates jobs, markets, and new industries where none existed before. Most importantly, innovation moves us forward as a nation, pushing us to succeed and strive for a better tomorrow. In short, innovation is the American Dream. In *The Comeback*, Gary Shapiro shows us how to return innovation to its rightful place at the center of America's economic policy. *The Comeback* is a new blueprint for America's success.

Reviews

This book is definitely not straightforward to get started on studying but extremely exciting to read. It is really simplistic but shocks in the 50 percent of the ebook. Once you begin to read the book, it is extremely difficult to leave it before concluding.

-- **Ally Reichel**

This publication is amazing. It is definitely basic but shocks in the fifty percent of your publication. You won't feel monotony at anytime of your own time (that's what catalogues are for concerning if you question me).
