

Pushing the Limits: The Remarkable Life and Times of Adm. Allan Rockwell McCann, USN

By Carl LaVO

Naval Institute Press. Hardback. Book Condition: new. BRAND NEW, Pushing the Limits: The Remarkable Life and Times of Adm. Allan Rockwell McCann, USN, Carl LaVO, Vice Admiral Allan Rockwell McCann left no reminiscences that might reveal a deeper sense of his extraordinary service, but naval historian Carl LaVO has filled that void by writing this revealing--and often inspiring--biography. Among McCann's many accomplishments: Served as liaison officer for the modification of the antiquated O-12 submarine into the privately-leased Nautilus that made the first attempt to sail beneath the Arctic ice shelf in 1931; pioneered the McCann Submarine Rescue Chamber; directed fire from the sub tender Pelias at Japanese aircraft attacking Pearl Harbor; commanded the battleship Iowa during the Battle of Leyte Gulf; was Chief of Staff of the Navy's 10th Fleet that stymied a last ditch effort to attack North America via U-boats; headed the Navy task force that transported President Truman to the Potsdam conference; and as ComSubPac was aboard the first submarine to navigate under the polar ice in 1947. This book is an overdue appreciation of a significant admiral who has been all but ignored in naval history.
