Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Sacramentals by Ruth Ann Oskolkoff offers 21 poems which are detailed observations of one who seek attunement with life s natural rhythms. The essence of the book arises from Seattle s rain, mist, parks, gardens, and people. Sacramentals offers the reader a close look at the daily elements that make life sacred and spans an eclectic mix: a day at the market, a child at the grocery store, watching rain on rivers.all give insight into the deeper qualities of life. These poems are inspired by a feeling of harmony with the natural world, by feeling that nature is alive with being and part of the wonder of faith. Magic is all around us and these poems invite all of us to listen and try to hear it s humming through observation, feeling, and the life of the city. ----- REVIEWS -----  
 ----- Ruth hears poetry in things most people don t even notice. Fortunately for us, it s not too late to notice - she has recorded some of these poems for us in this book. -Wayne Leman, Commercial Fisherman Linguist ----- A surreal groundedness describes the overall tone of Sacramentals. The poet adeptly describes the beauty found in the ordinary, those occurrences or things that we easily dismiss or take for granted. In one of my favorites, A Curve of Boundary, there is an invitation to live courageously and authentically. This poem, in particular, reminds me of the writings of Thoreau and his invocation to preserve what is wild. A must read for all who wish to cultivate a more sensorial engagement and conscious embrace with life. -Ellen Trump, Pharmacist Poet -----  
 Sacramentals takes you down the backstreets...
