Now let my gentler Muse relax the strings and tell by what virtues he governs the world, tempering fear with love, say what counsel moved him at last to assume those consular robes that cried out to him, and bestowed on our annals a year named after himself. In the beginning Love was the guardian of this vast universe, she who dwelt in the sphere of Jove, who attempts the sky twixt cold and heat, who is eldest of the immortals. For Love, pitying the elemental confusion, first disentangled Chaos; with a smile she scattered the darkness and bathed the world in light. She dwelleth now not in temples nor by altars warm with incense but in thy heart wherein she has made her home.
