

## Every Patient Tells a Story: Medical Mysteries and the Art of Diagnosis (Paperback)

Filesize: 1.13 MB

### **Reviews**

*This book is great. I have go through and so i am confident that i will going to read through once again again in the future. I am just easily can get a satisfaction of looking at a written book.  
(Miss Vernie Schimmel)*

## EVERY PATIENT TELLS A STORY: MEDICAL MYSTERIES AND THE ART OF DIAGNOSIS (PAPERBACK)

Random House USA Inc, United States, 2010. Paperback. Book Condition: New. Reprint. 202 x 132 mm. Language: English . Brand New Book. A riveting exploration of the most difficult and important part of what doctors do, by Yale School of Medicine physician Dr. Lisa Sanders, author of the monthly New York Times Magazine column Diagnosis, the inspiration for the hit Fox TV series House, M.D. The experience of being ill can be like waking up in a foreign country. Life, as you formerly knew it, is on hold while you travel through this other world as unknown as it is unexpected. When I see patients in the hospital or in my office who are suddenly, surprisingly ill, what they really want to know is, What is wrong with me? They want a road map that will help them manage their new surroundings. The ability to give this unnerving and unfamiliar place a name, to know it on some level restores a measure of control, independent of whether or not that diagnosis comes attached to a cure. Because, even today, a diagnosis is frequently all a good doctor has to offer. A healthy young man suddenly loses his memory making him unable to remember the events of each passing hour. Two patients diagnosed with Lyme disease improve after antibiotic treatment only to have their symptoms mysteriously return. A young woman lies dying in the ICU bleeding, jaundiced, incoherent and none of her doctors know what is killing her. In Every Patient Tells a Story, Dr. Lisa Sanders takes us bedside to witness the process of solving these and other diagnostic dilemmas, providing a firsthand account of the expertise and intuition that lead a doctor to make the right diagnosis. Never in human history have doctors had the knowledge, the tools, and...
