This practical guide is intended for men and women interested in improving the way they speak before a group. It teaches, step by step, drawing on examples, advice, and anecdotes, all of which are necessary to express oneself with clarity, eloquence, and effectiveness. It also gives guidelines to control our insecurities in front of a crowd and to project an image of confidence and enthusiasm. The author has studied topics that range from the preparation of a conference to the handling of questions from the audience, including the nonverbal language and empathy. It deals with a tool for those whose shyness is impeding them from developing personally and professionally, as well as for those who want to strengthen their gifts of leadership and communication in different areas, such as sales, executives, professors, panelists, public figures, actors, radio announcers, and presenters.
