NEW TESTAMENT GREEK PRIMER: FROM MORPHOLOGY TO GRAMMAR (PAPERBACK)

Wipf Stock Publishers, United States, 2010. Paperback. Book Condition: New. 3rd. 241 x 160 mm. Language: English . Brand New Book ***** Print on Demand *****.Synopsis: New Testament Greek Primer has established itself among Greek instructors as a popular and dependable guide to the Greek of the New Testament, appreciated for its accuracy, coverage, and well-designed exercises. Students appreciate easy-to-read explanations, English grammar bridges, user-friendly layout, and copious tables, charts, and indexes. Retaining the basic form and content, the third edition builds on this solid reputation with enhanced discussion, organization, examples, and exercises. The appendix on English grammar aids English-challenged students. Pictures from the author s extensive travel overseas illustrate the ancient Greco-Roman context of the Greek New Testament. Other resources include language lessons elaborating translation and morphology issues, convenient vocabulary reviews anticipating vocabulary exams, an answer key, and indexes of vocabulary, principal parts, paradigms, and subjects. The method is deductive and the goal focused on grammar and exegesis. An early emphasis on the noun system transitions to the principal parts of the verb, followed by moods, infinitives, and participles. Two lessons on the MI-verb system conclude the work. Examples and exercises are taken directly from the Greek New Testament.
